**SUMMER MARINE SCIENCE PROGRAM**

Parents, Applications for the summer Marine Science Program will be passed out by science teachers at all schools during the week of February 13<sup>th</sup>. Applications will be due back to science teachers by February 28<sup>th</sup>. Applications can also be downloaded at any time from the website prior to April 15<sup>th</sup> at <http://www-grms.stjohns.k12.fl.us/> and click on the Marine Science link. The link also will have a complete day by day curriculum for each grade level, parent information, and a video from last year's program.

This summer program is available to all students currently in grades five through seven and has been sponsored by the school district since 1982. Three eight day sessions are held at Gamble Rogers Middle School with bus transportation provided. The dates for the three sessions this summer will be May 30<sup>th</sup> through June 8<sup>th</sup>, June 12<sup>th</sup> through June 22<sup>nd</sup>, and June 26<sup>th</sup> through July 7<sup>th</sup>. Small classes of 12-14 students are separated by grade level. All instructors in the program are St. Johns County School District teachers.

The Marine Science Program is a carefully designed experience for responsible students who are interested in learning about our local marine environments. Learning is "hands on" in the field with students kayaking, canoeing, boating, hiking, snorkeling, sailing, windsurfing, surfing, SUP, (stand up paddleboarding), etc. Specific grade level activities and curriculum are attached to the applications and are also available from the website.

More information about the program can be had by emailing Kristina Bransford or John Gordon at [marinescienceprogram@stjohns.k12.fl.us](mailto:marinescienceprogram@stjohns.k12.fl.us).
