

# Hunts catch up

Dear R. B. Hunt Family:

What an awesome evening of S.T.E.M. related activities! Our students were so excited and engaged in all the interactive projects that were available last Thursday evening. We had just shy of 400 students participate! I would like to thank Allison Basili for organizing this terrific student centered event, as well as all the community and business partners who participated, the teachers, support staff, custodial staff and the P.T.A.O. It was a wonderful opportunity for our students to interact, solve problems and learn about science related fields.

Congratulations to all of our the 5<sup>th</sup> grade students. Your science fair projects were amazing! I am so glad they were part of our S.T.E.M. night! Thank you to Mrs. Basili, Mr. Cacchio, Ms. Cleary, Ms. Murden, Ms. Streit, Ms. Killian and Dr. Ford, our science lab volunteer, for inspiring these great ideas. I was so impressed that students had such a deep understanding of the process and well as the procedures necessary to conduct these experiments. They worked hard and it shows.

Three 5<sup>th</sup> grade students have been selected to attend the St. Johns County School District's STEM Fair on March 2<sup>nd</sup> at Palencia Elementary School. Their projects were original, creative and explored the use of science, technology, engineering, and mathematics to solve real world problems. Congratulations to the following 5<sup>th</sup> grade students who will represent R. B. Hunt:

Isaak Stephenson: "FLEX glove"

Lucas Cruz: "Sprinkler Power: A new way to make renewable energy"

Sadie Benoit: "Which Roof Will See You Through the Storm?"

I am so proud at the number of students who have read a million words so far this year! We have thirteen new students in the "Principal's Million Word Club" they are: Caye Marshall-Green, Sarah Benoit, Jordan Cunningham, Kaiya Norman, Lilley Siddell, Nolan Embrey, Eve LeGrand, Leoncio McClarnon, Aiden Wilcox, Joseph Shandor, Stella Fernandez, Noah Mamas and Elijah Forbes. We also have a new addition to our students who have read all 15 of the S.S.Y.R.A. books. Way to go Paxton Beidle! Congratulations to each and every one of you!

Thankful for science!

## PTAO NEWS

STEM night was such a great night, thank you to all who volunteered to sell pizzas and drinks for the PTAO, your help is always very much appreciated.

Scholastic Book Fair will be opening on Friday March 8th and will run through March 14th. This event requires a lot of volunteers, so if you can please sign up for a time slot to help, we would be very grateful. The email address is <http://http://www.scholastic.com/bf/rbhunt>. This website has the class visit schedule, volunteer sign up, online book fair, and the link to sign up for e-wallet.

Scholastic's e-wallet allows parents to create a pre paid credit for a specified amount that your child can then redeem during the book fair. The volunteer sign up is the orange button in the middle of the page.
