

Hunts Catch Up

Dear R. B. Hunt Family,

Thank you for your generous support of our cloth bag drive for the "Assist" program and snacks for "Blessings in a Backpack". It is nice to know that our R. B. Hunt Kids care! We were able to collect a substantial amount of food and bags to help these worthwhile programs. We thank you for showing we care!

A big thank you to Heather Eyestone, literacy coach, and Stephanie Nehemias, media specialist for a great week of celebrating literacy. Thank you to all the students who participated in the fun week. The S.S.Y.R.A. character fashion show was so much fun! Thank you!

Our "Battle of the Books" team, made up of Emma Hapke, Stella Fernandez, Gracie Cebalt, Lily Sostrom, Emma Goldberg, Aria Driver and Leta Poole represented our school well at the battle this past Tuesday. Thank you for doing such a great job!

We have seven more students in the "Principal's Million Word Club", they are Kevin Moe, Taylor Rose, Hallie Johnson, Alsea Gallagher, Soleil McMandon, Isaac O'Rourke, and Noah Murfin. Gracie Cebalt has also read all of the 15 S.S.Y.R.A. books and Mackenzie Saxon, Maisy McGraw, Maddox Stein, Tibor Szabo, Parker Rhodes and Evelyn Rojas have read all of the S.S.Y.R.A. Jr. Books. Great work readers!

It is hard to believe it is February!

SUMMER MARINE SCIENCE PROGRAM

Applications for the summer Marine Science Program will be passed out by science teachers at all schools during the week of February 10th. Applications will be due back to science teachers by February 28th. Applications can also be downloaded at any time from the website prior to April 6th at <http://www-grms.stjohns.k12.fl.us/> and click on the Marine Science link. The link also will have a complete day by day curriculum for each grade level, parent information, and a video from last year's program.

This summer program is available to all students currently in grades five through seven and has been sponsored by the school district since 1982. Three eight day sessions are held at Gamble Rogers Middle School with bus transportation provided. The dates for the three sessions this summer will be June 1st through June 11th, June 15th through June 25th, and June 29th through July 9th (Monday-Thursday). Small classes of 12-14 students are separated by grade level. All instructors in the program are St. Johns County School District teachers.

The Marine Science Program is a carefully designed experience for responsible students who are interested in learning about our local marine environments. Learning is "hands on" in the field with students kayaking, canoeing, boating, hiking, snorkeling, sailing, windsurfing, surfing, SUP, (stand up paddleboarding), etc. Specific grade level activities and curriculum are attached to the applications and are also available from the website.

More information about the program can be had by emailing Kristina Bransford at marinescienceprogram@stjohns.k12.fl.us.

HUNTS KIDS CARE

The first grade is going to celebrate the 120th day by helping others.

These classes are inviting any other families who want to participate to join their quest to help the SJCS D Assist program.

They are collecting 120 or more gently used cloth bags, such as grocery bags.

The Assist program uses these bags to provide needy students of St. Johns County clothes, necessities and food. Please send any gently used bags by Feb. 18.

There will be a collection box near the front office.

Thank you
