

Hunts Catch Up

Dear R. B. Hunt Family,

Fifth grade parents, on Tuesday, March 2nd Kirstie Gabaldon, principal of Sebastian Middle School will be at the S.A.C. meeting at 3:10, to discuss middle school. If you would like to receive a TEAMS invitation to participate online or if you are planning to attend in person, please contact Mrs. Abbatinuzzi at 547-7957 so we can make sure we have a large enough space to hold the meeting safely. Ms. Gabaldon will be discussing their programs and making a smooth transition to middle school. Information should be going home this week for parents regarding students scheduling, which will take place next Thursday, March 4th here at R. B. Hunt.

We will hold our first "in person" P.T.A.O. meeting in the cafeteria on Thursday morning at 8:40. We ask that parents wait until 8:30 to enter through the cafeteria door, after students have gone to class. We also ask that you follow all safety protocols, stay 6 feet apart and we will do our temperature and safety question checks.

Second and Third grade parents, an alert now was sent out on Friday concerning your child's recess. Please listen to the voicemail and if you have any questions, please contact me at 547-7966.

The following awesome readers are now part of the "Principal's Million Word Club", Parker Rhodes, Natasha Amesbury, James Stetson, Noelle Cook, Valeria Izzi, Soleil McMandon, Opal Ferreira, Colby Frink and Ansley Garrish. Fantastic reading!

Thank you for your support,

Amanda S. Garman
Principal

SUMMER MARINE SCIENCE PROGRAM

DO NOT MISS OUT ONLY 2 SESSIONS

Application directions for the summer Marine Science Program will be passed out by science teachers at all schools during the week of February 10th. Parents/guardians must complete part 1 of the application at our website. Application student essays, part 2, will be due back to science teachers by March 5th. Student essay forms can also be downloaded at any time from the website. Distance learners must return their essay to their teacher through Schoology or email. Please visit us at <http://www-grms.stjohns.k12.fl.us/> and click on the Marine Science link. The link also will have a complete day by day curriculum for each grade level, parent information, and a video from last year's program.

This summer program is available to all students currently in grades five through seven and has been sponsored by the school district since 1982. Hurry do not miss out, only two eight-day sessions are held at Gamble Rogers Middle School with bus transportation provided. The dates for the sessions this summer will be June 14th through June 24th and June 28th through July 8th (Monday-Thursday). Small classes of 12-15 students are separated by grade level. All instructors in the program are St. Johns County School District teachers.

The Marine Science Program is a carefully designed experience for responsible students who are interested in learning about our local marine environments. Learning is "hands on" in the field with students kayaking, canoeing, boating, hiking, snorkeling, sailing, windsurfing, surfing, SUP, (stand up paddle boarding), etc.

More information about the program can be had by emailing Kristina Bransford at marinescienceprogram@stjohns.k12.fl.us

PTAO NEWS

PTAO meeting this Thursday Feb 25th at 8:45am. It will be held at RB hunt in cafeteria. Please enter through the exterior cafeteria door, we will be following all school safety protocols.
